December 5, 2018

TOPIC: Selection Ground Rules

- 5-15 titles/title families (6,000-10,000 pages for each title)
- 5-10 year target time period for digital edition of each title
- At least one title from each geographic region (northwest, northeast, central, southwest, southeast)
- Content from each decade between 1920 and 1960 (if possible*)
- Communities not already represented on *Chronicling America* (if possible)
- At least one special press title (e.g. labor, religious, ethnic, etc.)

*If a region lacks a public domain title, an earlier title (pre-1924) may be selected to ensure geographic coverage
